THEIR VOICES

Using a mixed method approach we were able to meet community members on their respective levels and LISTEN through:

- Youth-Led Discussions
- Community Meetings
- Focus Groups
- Surveys

“I enjoyed that we all had a common goal. I loved how supportive the team was to participants and their crafts. My favorite thing was just sitting and listening to all of the brilliance in the room.”

COMMUNITY AMPLIFIED

As part of our collaboration process we not only listened to community members, we also worked to amplify their voices through:

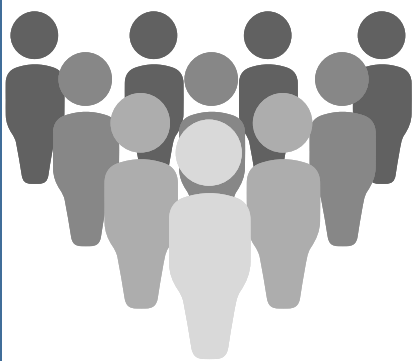

- Securing News Coverage
- Organizing Community Led Events
- Social Media Campaigns

COMMUNITY IN ACTION

Centering the voices of youth, we tailored the 2021 Art Works™ Newburg (KY) program to host a hands-on mental health summit to promote:

- Healing Art Alternatives
- Togetherness
- Community Education
